Prepared for Steve and Andrew by Eric Berg, Crush

01 Pure Satisfaction, bottled & draught.

02 A hundred acres of orchards.

03 See for yourself where the fruit is grown.

Your number

£1,850

Paid once.

Half at go, half at launch

£925 when you say go, £925 when your site is live.

Built within a week

of your go. You see every page before anything goes live.

Yours to keep

Site and files in your name.

What we built it around.

Pure Satisfaction.

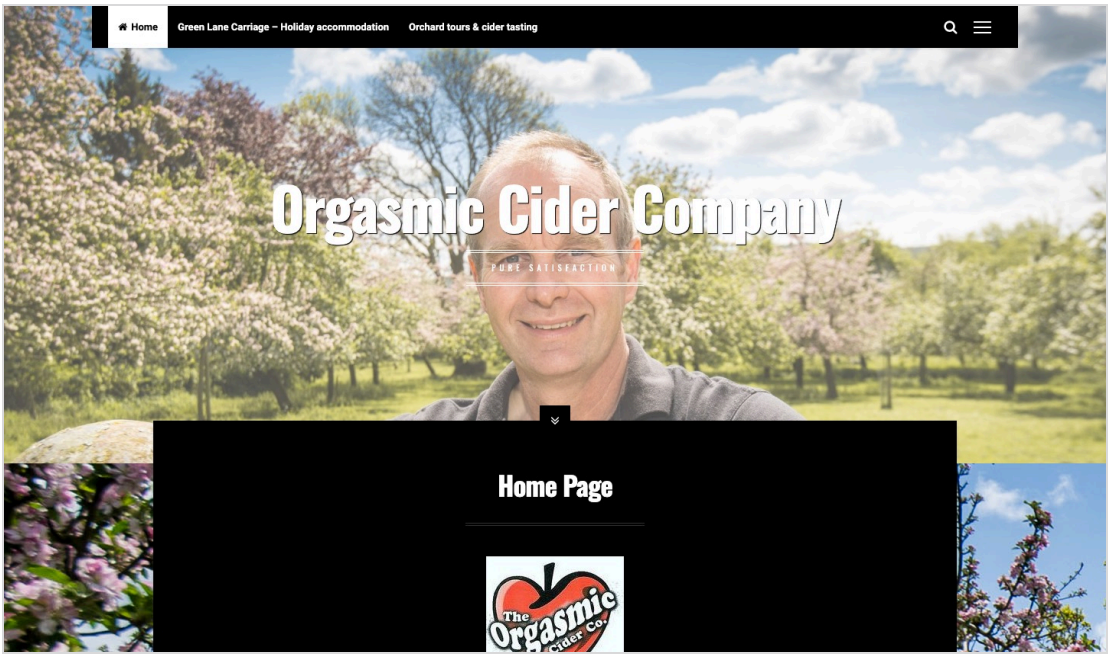

Your tagline, with Bottled & Draught from your orchard tours page. Option 1 redraws your heart-apple label huge, with your real Traditional, Brown Snout, White Jersey and Yarlington Mill bottles stepping through in front of it.

A hundred acres of orchards.

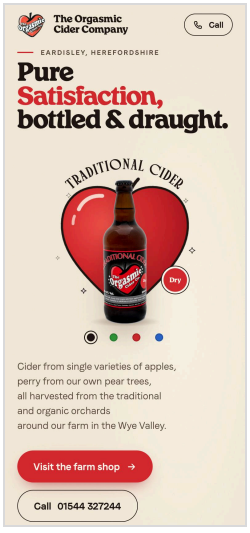

From your homepage. Option 2 walks down your own blossom rows at Great Parton, with the visit in three parts: the orchard walk, the production building and the tasting.

See for yourself where the fruit is grown.

From your orchard tours page. Option 3 turns a dial through your words, grown, harvested, pressed and cider, on your own photos, with a button to call Steve.

Today

New, on a phone

All in the price of your website.

The website

A new site for Orgasmic Cider: the homepage, your ciders, your tasting room and events, and a way to get in touch, built out from the top you've just seen. Built within a week of your go.

An animated promo

A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.

A designed email

Designed and written for your regulars and your list, so the people who already love your ciders hear about the new site and the next release from you.

Twelve ads

Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.

A front desk

First month on us

From Hire Whoever, our sister company: a voice assistant built around your tasting room, so callers asking about hours, what's pouring or this weekend's events get an answer while your team is pouring, and every call becomes a short written record.

Unlimited small changes

For the first 30 days, anything you send is live the next business day. After that, small changes stay free: a price, a photo, your hours, a line of text. Text or email it and it’s done within the week.

Launch email setup

Included when you say go before 26 November 2026

We set up the launch email and line it up for your regulars and your list, ready to go out on launch day.

£1,850, paid once. Nothing that comes with it is billed separately. All prices in pounds sterling.

Built within a week of your go.

Day 0

You say go

You pay the 50% deposit and give us access to your domain and current site. Your live site won't change until you say.

Days 1 to 7

We finish the site

We build these pages into your full site. You see every page in a preview before anything goes live.

Launch

It goes live

The new site goes live on your domain, and the promo and launch email are ready to go out with it.

After launch

Changes, on us

For 30 days, anything you send is live the next business day. Small changes stay free after that.

Launch day depends on you too: the sooner your answers and approvals come back, the sooner it's live. If we're ever the hold-up, your first three months of Steady, our monthly care plan, are on us.

"We weren't planning to rebuild the website for our cafe, until Eric from Crush approached us... We're so glad he did!"

Alejandra Dominguez, Switchboard Cafe, Salt Spring Island, BC

"I don't respond to emails from outsiders, but I'm glad we did with you."

Midwest Peps, online store, Kansas

"...completely modernized the site while keeping its identity, its history and the content I care about."

Vincent Cheville, Volcano Explorer, La Réunion (translated from French)

Yours, start to finish.

Your photos, ciders, and contact details carry over.

Questions.

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

Is it secure?

Yes. It's built lean and tested on a preview before anything goes live, and your forms keep sending to the same inbox they do now.

Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

How do I make changes?

Text or email me the change. For the first 30 days, anything you send is live the next business day. After that, small changes stay free, done within the week: a price, a photo, your hours, a line of text. Something new, like a page or a feature, gets a price before we touch it, or a monthly plan covers it.

When do I pay?

Half (£925) when you say go, the rest (£925) when the site is live. You've seen the homepage before paying anything.

What about new releases?

Then the site changes with them. New ciders, hours and events are easy to update, and I'll load your current lineup into it as part of the build.
